

Task: Hāora Moe — Zzz

Approach: Independent

Focus: Constructing a graph

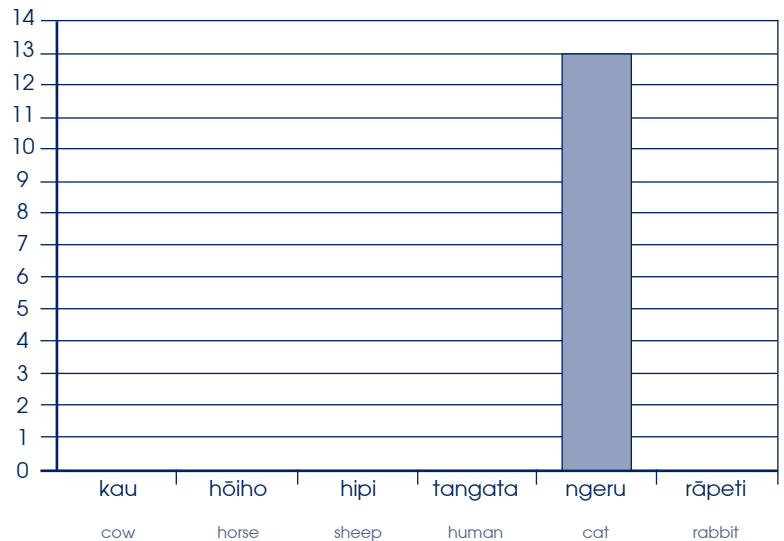

Resources: Bar graph in recording book, ruler

Kupu:

Questions / instructions:

Animal	Hours (asleep)
cow	7
horse	5
sheep	6
human	8
cat	13
rabbit	10

Ko wai	Hāora (moe)
kau	7
hōiho	5
hipi	6
tangata	8
ngeru	13
rāpeti	10

Anei ngā hāora moe o ētahi kararehe me te tangata i ia rangi.

Whakaotia te kauwhata pou. Kaua e wareware ngā āhuatanga katoa e tika ana mō tētahi kauwhata pou.

Here are the number of hours animals sleep each day.

Finish the bar graph. Make sure it has all the information that a graph should have.

			% responses				% responses
Title:	“Hours animals sleep”	2					
	“Hāora Moe” (“Zzz”)	0					
	title includes “per day”	0					
Bars correct:	5	90	Total score:	9–10	0		
	4	8					
	3	0					
	2	0					
	1	2					
Vertical axis:	e.g. “Hours of sleep per day”	0		7–8	0		
	e.g. “Hours of sleep”	0					
Horizontal axis:	e.g. “Ko wai” (“Animals”)	0		5–6	90		
			Commentary:				
			Most students got the heights of all bars correct, but almost all failed to label the axes and graph appropriately.
