

## Major NZ Exports

## Trend Task

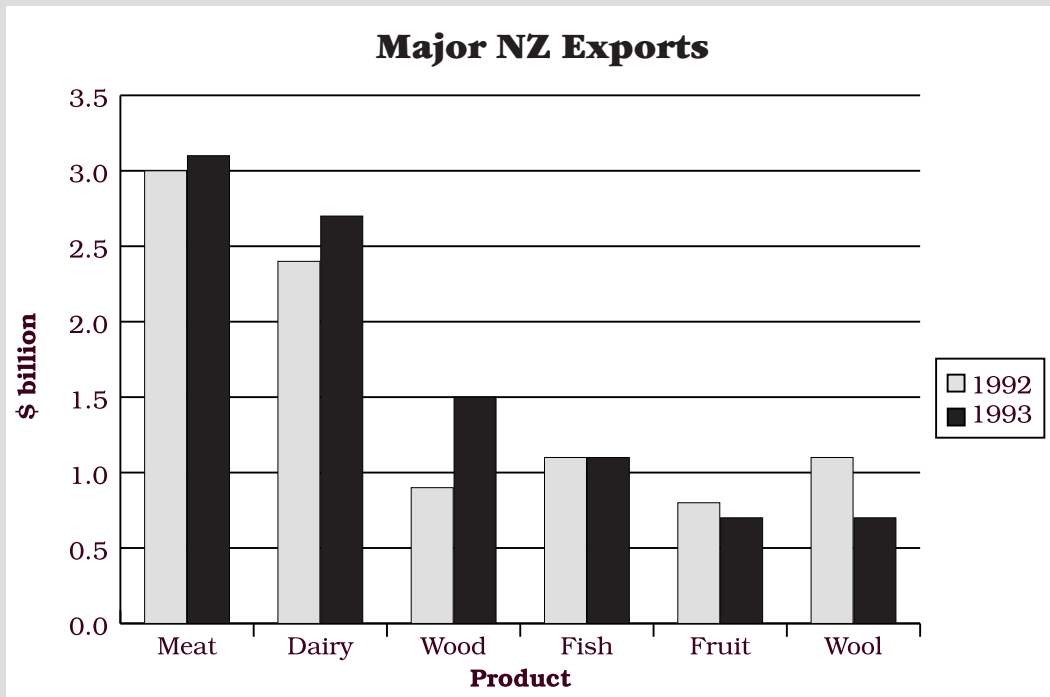

*Approach:* Independent

*Level:* Year 8

*Focus:* Interpreting a bar graph.

*Resources:* None

*Questions/instructions:*

- |  |   |   |
|--|---|---|
| 1. Which product earned the most money for New Zealand?                                      | <i>meat</i>   | 97(99)                                    |
| 2. How much money did New Zealand earn from exporting wood in 1993?                          | <p><i>correct number 1.5</i></p> <p><i>units attached: both \$ and billion</i></p> <p><i>either \$ or billion</i></p> | <p>85(85)</p> <p>26(25)</p> <p>48(56)</p> |
| 3. Which product had the biggest increase in export earnings (\$ billion) from 1992 to 1993? | <i>wood</i>   | 70(77)                                    |

*Commentary:*

The performances of the 1995 and 1999 students were not significantly different.
