## Questions / instructions:

%  
response

Hoatu te whakaahua ki te ākonga.

1. Ka piki, ka heke te utu o te kōhinu i Aotearoa.

He aha ki tōu whakaaro e piki ai, e heke ai te utu o te kōhinu?

petrol is more expensive for the petrol stations	16
demand/more people needing petrol	11
supply/less petrol available	16
international politics	13
natural disasters	2

2. Ka waihangatia te kōhinu i te hinu. Nō hea te hinu o Aotearoa?

New Zealand oil fields - Taranaki	7
overseas countries (e.g. Saudi Arabia)	24
petrol stations/oil companies	4

3. E ai ki ētahi tāngata, mēnā ka piki te utu o te kōhinu, ka piki anō hoki te utu o ētahi atu mea. He aha te take e piki ai te utu o te parāoa mēnā ka piki te utu o te kōhinu?

**Freight charges related to petrol:**

somewhat explained 2

**Production of goods uses petrol:**

somewhat explained 5

## Commentary:

Generally, students had a poor understanding of the economic forces which impact on the price of petrol, as well as the flow on effect of this to the price of other commodities.
