

Task:

Te Whakahekenga Utu

Approach:	Independent
Focus:	Discount calculations
Resources:	Te puka whakautu
Kupu:	

Questions / instructions:

% response

Kua whakahekea ngā utu i tētahi toa.

E hia tāra/hēneti (\$/c) ka tangohia i te utu tawhito.
Tuhia te moni ka tangohia atu, tuhia hoki te utu hou.

Hei taurira: Kua tangohia te 10%

Te moni ka tangohia atu: 20c
Te utu hou: \$1.80

1.

Te moni ka tangohia atu: 45c 15
45 3
Te utu hou (\$4.05): correct 15

2.

Te moni ka tangohia atu: \$1.00 17
1.00 0
Te utu hou (\$4.00): correct 17

3.

Te moni ka tangohia atu: \$20.00 28
20.00 2
Te utu hou (\$60.00): correct 29

4.

Te moni ka tangohia atu: \$7.50 37
7.50 0
Te utu hou (\$7.50): correct 37

5.

Te moni ka tangohia atu: \$2 20
2.00 4
Te utu hou (\$14.00): correct 24

Commentary:

Overall, students performed poorly in this task requiring the calculation of percentage discounts. In relative terms, performance was a little better for discounts of 25 percent and 50 percent.
