

## Ngā Whiwunga Whakahau a Toni — Treats for Toni

*Approach:* Independent

*Focus:* Interpreting a line graph.

*Resources:* None

*Questions/Instructions:*

When Toni does something good or kind, Toni's mother puts a tick on a chart.

On Friday Toni's mother counts the ticks.

For every 10 ticks, Toni can choose a treat.

Kia pai te mahi, te atawhai rānei a Toni, ka tuhia e tōna māmā he tohu tika ki runga i tētahi mahere.

I te Rāmere, ka tātai tōna māmā i ngā tohu tika.

Mō ia huinga tekau, ka whiwahi a Toni i tāna e hiahia ana.

1. How many ticks did Toni get on week

I te wiki tuatahi, e hia ngā tohu tika a Toni?

Total score: 4 49 15

3 21 16

2 19 56

0-1 11 19

*Commentary:*

There were substantial problems with the Māori translations of questions 2 and 4, clearly reflected in the results obtained. Accordingly, statistical comparison of the results was not appropriate.
