Finish

The form the students were to fill in was on 3 screens (left). There were no verbal instructions for this task.

The student clicked the brightly coloured button to go to the next screen; the button on the final page returned the student to the main (Home) screen for choosing tasks.

If the student typed without first clicking in a field they heard beeps for each key typed and a cue field appeared (visible second screen at left).

% responses
year 4 year 8

Responded appropriately to all task components 57 70

Responded appropriately to most task components, but made one error 33 23

Incomplete response, or more than one error. 10 6
